Randy Randerson Custom One-Off Shader 14

SKU: RRC-CM0-14

The reason this machine was named the "Widow Maker Life Taker" was because it may take a life, but it will also give. It will give you the hardest whips a 15 mag can fuckin produce. Built to use any grouping and look good doing it, these wrapped coils were blessed by the spirits of shades to come, and taught to shade from birth. Handmade and forged in Oklahoma, backed for life by Slimno himself. - Randy R.
