

TATsoul Hydraulic Pro Twin Tattoo Chair Bed Black

SKU: KTS-FCC-HPTBLK

The Hydraulic Pro Twin is a more flexible version of our Hydraulic Pro. The Twin leg rests can be independently adjusted. You can leave one leg in a downward position, while propping up the other leg in an upright horizontal position. This model is perfect for reaching the calf or the inner thighs. This chair swivels 360°, on top of a heavy-duty hydraulic pump that is covered by a designer fiberglass base. The back rest can be manually adjusted from a flat position to an upward 65° angle. Both leg rests can be manually adjusted from a flat position to a downward 45° angle. For easy transitioning, it has fully removable arms. For a face down position, simply remove the pillow to expose a comfortable face hole.
